CON/N0353: Assist in erecting conventional scaffold using bamboo and ballis, and perform dismantling

Description

This unit is about assisting in erecting conventional scaffold using bamboo and ballis and dismantling it as per the supervisor's instructions

Scope

The scope covers the following :

- Prepare for erecting scaffold using bamboo and ballis
- Erect scaffold using bamboos and ballis
- Dismantle the scaffold

Elements and Performance Criteria

Prepare for erecting scaffold using bamboo and ballis

To be competent, the user/individual on the job must be able to:

- PC1.** prepare the base by levelling and compacting the ground for the erection of scaffold as directed by the supervisor
- PC2.** select, shift and stack required quantity of materials and components at the work location as per the instructions
- PC3.** set up barricades in the work area and fix guard rails and safety nets to ensure safety
- PC4.** assist in marking, transferring levels from reference points using water level tube
- PC5.** check bamboo/ ballis for defects, such as splits, shakes, large cracks, etc
- PC6.** examine the bamboo/ ballis for straightness
- PC7.** check and ensure the jute ropes are in good condition for use and place them in water for the recommended duration before using them for tying bamboo/ ballis

Erect scaffold using bamboos and ballis

To be competent, the user/individual on the job must be able to:

- PC8.** select jute and fibre ropes based on their diameter and length, as instructed by the supervisor
- PC9.** position the sole board on the ground as per the marking
- PC10.** assist in erecting scaffold using bamboo/ballis in a sequential manner and provide necessary support as per the instructions
- PC11.** tie different types of knots rigidly using fiber/jute rope
- PC12.** assist in aligning and providing support to scaffold as per the instructions
- PC13.** assist in checking the verticality of scaffold
- PC14.** set up appropriate plank board/ walk boards, guard rail, toe board and other accessories for working on the scaffolding

Dismantle the scaffold

To be competent, the user/individual on the job must be able to:

Qualification Pack

- PC15.** assist in dismantling scaffold and lowering scaffold materials in a sequential manner safely as per the given instructions
- PC16.** carry out maintenance of scaffold materials, such as cleaning and minor repairs
- PC17.** follow the applicable safety and housekeeping standards and procedures

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the safety regulations for handling and storing shuttering and scaffolding tools, materials and components
- KU2.** the importance of personal protection and the of relevant safety gear and equipment
- KU3.** safe working methods for working with scaffolds
- KU4.** the units of measurement and the use of relevant measurement and marking tools
- KU5.** the use of hand tools for carrying out scaffolding works
- KU6.** the standard size of relevant hand tools and scaffolding components
- KU7.** the use of slings, shackles, and belts for lifting and shifting scaffold materials
- KU8.** the diameter and applicability of different types of ropes
- KU9.** how to tie various types of knots and their use
- KU10.** how to check for defects in bamboos/ ballis
- KU11.** the preparatory work for erecting scaffold using bamboo and ballis
- KU12.** how to erect and maintain scaffold using bamboos/ ballis and provide necessary assistance
- KU13.** how to provide support to scaffolding
- KU14.** how to dismantle scaffold and provide necessary assistance
- KU15.** the standard procedure for erecting and dismantling conventional scaffold
- KU16.** safe handling and storage of relevant tools
- KU17.** the repair and maintenance of tools used in scaffolding work
- KU18.** the standard housekeeping procedures

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** maintain the appropriate data and records
- GS2.** read the appropriate reports and literature concerning the field of work
- GS3.** communicate professionally with all the stakeholders
- GS4.** listen attentively to understand the information/ instructions being shared and take appropriate action
- GS5.** coordinate with the co-workers to achieve the work objectives
- GS6.** plan tasks based on priority to ensure their timely completion
- GS7.** identify possible disruptions to work and take appropriate mitigation measures
- GS8.** take prompt action to deal with workplace emergencies and accidents
- GS9.** evaluate all possible solutions to work-related problems and select the best one

Qualification Pack

GS10. follow the recommended practices for the timely completion of work and achievement of organizational objectives

CON/N0354: Assist in erecting scaffold using pipe and coupler, and perform dismantling

Description

This unit is about assisting in erecting scaffold using pipe and coupler and dismantling it as per the supervisor's instructions

Scope

The scope covers the following :

- Prepare for erecting scaffold using pipe and coupler
- Erect scaffold using pipe and coupler
- Dismantle the scaffold

Elements and Performance Criteria

Prepare for erecting scaffold using pipe and coupler

To be competent, the user/individual on the job must be able to:

- PC1.** prepare the base by levelling and compacting the ground for the erection of scaffold as directed by the supervisor
- PC2.** select, shift and stack required quantity of materials, components at the work location as per the instructions
- PC3.** set up barricades in the work area and fix guard rails and safety nets to ensure safety
- PC4.** assist in marking, transferring levels from reference points using water level tube
- PC5.** check the condition of coupler, pipes and fixtures for any bend and deviation from shape and report to the supervisor

Erect scaffold using pipe and coupler

To be competent, the user/individual on the job must be able to:

- PC6.** select swivel coupler, right angle coupler (fixed coupler) based on the scaffold fixing requirements and supervisor's instructions
- PC7.** select pipes based on nominal bore diameter and length and check for any bend in pipes
- PC8.** erect scaffold using pipes and coupler in a sequential manner and provide necessary support using suitable components as per the instructions
- PC9.** fix the coupler and clamps tightly as per the instructions
- PC10.** assist in aligning and providing support to scaffold as per the instructions
- PC11.** assist in checking the verticality of scaffold
- PC12.** place and fix appropriate plank or walk board, guard rail, toe board and other accessories for working on scaffolding

Dismantle the scaffold

To be competent, the user/individual on the job must be able to:

- PC13.** assist in dismantling scaffold and lowering scaffold materials in a sequential manner safely as per the given instructions

Qualification Pack

PC14. carry out maintenance of scaffold materials, such as cleaning and minor repairs, for further use

PC15. follow the applicable safety and housekeeping standards and procedures

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

- KU1.** the safety regulations for handling and storing shuttering and scaffolding tools, materials and components
- KU2.** the importance of personal protection and the use of relevant safety gear and equipment
- KU3.** safe working methods for working with scaffolds
- KU4.** the units of measurement and the use of relevant measurement and marking tools

DGT/VSQ/N0101: Employability Skills (30 Hours)

Description

This unit is about employability skills, Constitutional values, becoming a professional in the 21st Century, digital, financial, and legal literacy, diversity and Inclusion, English and communication skills, customer service, entrepreneurship, and apprenticeship, getting ready for jobs and career development.

Scope

The scope covers the following :

- Introduction to Employability Skills
- Constitutional values - Citizenship
- Becoming a Professional in the 21st Century
- Basic English Skills
- Communication Skills
- Diversity & Inclusion
- Financial and Legal Literacy
- Essential Digital Skills
- Entrepreneurship
- Customer Service
- Getting ready for Apprenticeship & Jobs

Elements and Performance Criteria

Introduction to Employability Skills

To be competent, the user/individual on the job must be able to:

PC1. understand the significance of employability skills in meeting the job requirements

Constitutional values - Citizenship

To be competent, the user/individual on the job must be able to:

PC2. identify constitutional values, civic rights, duties, personal values and ethics and environmentally sustainable practices

Becoming a Professional in the 21st Century

To be competent, the user/individual on the job must be able to:

PC3. explain 21st Century Skills such as Self-Awareness, Behavior Skills, Positive attitude, self-motivation, problem-solving, creative thinking, time management, social and cultural awareness, emotional awareness, continuous learning mindset etc.

Basic English Skills

To be competent, the user/individual on the job must be able to:

PC4. speak with others using some basic English phrases or sentences

Communication Skills

To be competent, the user/individual on the job must be able to:

PC5. follow good manners while communicating with others

PC6. work with others in a team

Diversity & Inclusion

Qualification Pack

To be competent, the user/individual on the job must be able to:

PC7. communicate and behave appropriately with all genders and PwD

PC8. report any issues related to sexual harassment

Financial and Legal Literacy

To be competent, the user/individual on the job must be able to:

PC9. use various financial products and services safely and securely

PC10. calculate income, expenses, savings etc.

PC11. approach the concerned authorities for any exploitation as per legal rights and laws

Essential Digital Skills

To be competent, the user/individual on the job must be able to:

PC12. operate digital devices and use its features and applications securely and safely

PC13. use internet and social media platforms securely and safely

Entrepreneurship

To be competent, the user/individual on the job must be able to:

PC14. identify and assess opportunities for potential business

PC15. identify sources for arranging money and associated financial and legal challenges

Customer Service

To be competent, the user/individual on the job must be able to:

PC16. identify different types of customers

PC17. identify customer needs and address them appropriately

PC18. follow appropriate hygiene and grooming standards

Getting ready for apprenticeship & Jobs

To be competent, the user/individual on the job must be able to:

PC19. create a basic biodata

PC20. search for suitable jobs and apply

PC21. identify and register apprenticeship opportunities as per requirement

Knowledge and Understanding (KU)

The individual on the job needs to know and understand:

KU1. need for employability skills

KU2. various constitutional and personal values

KU3. different environmentally sustainable practices and their importance

KU4. Twenty first (21st) century skills and their importance

KU5. how to use basic spoken English language

KU6. Do and dont of effective communication

KU7. inclusivity and its importance

KU8. different types of disabilities and appropriate communication and behaviour towards PwD

KU9. different types of financial products and services

KU10. how to compute income and expenses

KU11. importance of maintaining safety and security in financial transactions

Qualification Pack

- KU12.** different legal rights and laws
- KU13.** how to operate digital devices and applications safely and securely
- KU14.** ways to identify business opportunities
- KU15.** types of customers and their needs
- KU16.** how to apply for a job and prepare for an interview
- KU17.** apprenticeship scheme and the process of registering on apprenticeship portal

Generic Skills (GS)

User/individual on the job needs to know how to:

- GS1.** communicate effectively using appropriate language
- GS2.** behave politely and appropriately with all
- GS3.** perform basic calculations
- GS4.** solve problems effectively
- GS5.** be careful and attentive at work
- GS6.** use time effectively
- GS7.** maintain hygiene and sanitisation to avoid infection

Assessment Guidelines and Assessment Weightage

Assessment Guidelines

1. Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. Each Performance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC.
2. The assessment for the knowledge part will be based on knowledge bank of questions created by Assessment Bodies subject to approval by SSC.
3. Individual assessment agencies will create unique question papers for knowledge/theory part for assessment of candidates as per assessment criteria given below.
4. Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training center based on assessment criteria.
5. The passing percentage for each QP will be 50%. To pass the Qualification Pack, every trainee should score a minimum of 50% individually in each NOS.
6. The Assessor shall check the final outcome of the practices while evaluating the steps performed to achieve the final outcome.
7. The trainee shall be provided with a chance to repeat the test to correct his procedures in case of

Qualification Pack

improper performance, with a deduction of marks for each iteration.

8. After the certain number of iteration as decided by SSC the trainee is marked as fail, scoring zero marks for the procedure for the practical activity.

9. In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack within the specified timeframe set by SSC.

10. Minimum duration of Assessment of each QP shall be of 4hrs/trainee.

Minimum Aggregate Passing % at QP Level : 50

(Please note: Every Trainee should score a minimum aggregate passing percentage as specified above, to successfully clear the Qualification Pack assessment.)

Glossary

Sector	Sector is a conglomeration of different business operations having similar business and interests. It may also be defined as a distinct subset of the economy whose components share similar characteristics and interests.
Sub-sector	Sub-sector is derived from a further breakdown based on the characteristics and interests of its components.
Occupation	Occupation is a set of job roles, which perform similar/ related set of functions in an industry.
Job role	Job role defines a unique set of functions that together form a unique employment opportunity in an organisation.
Occupational Standards (OS)	OS specify the standards of performance an individual must achieve when carrying out a function in the workplace, together with the Knowledge and Understanding (KU) they need to meet that standard consistently. Occupational Standards are applicable both in the Indian and global contexts.
Performance Criteria (PC)	Performance Criteria (PC) are statements that together specify the standard of performance required when carrying out a task.
National Occupational Standards (NOS)	NOS are occupational standards which apply uniquely in the Indian context.
Qualifications Pack (QP)	QP comprises the set of OS, together with the educational, training and other criteria required to perform a job role. A QP is assigned a unique qualifications pack code.
Unit Code	Unit code is a unique identifier for an Occupational Standard, which is denoted by an 'N'
Unit Title	Unit title gives a clear overall statement about what the incumbent should be able to do.
Description	Description gives a short summary of the unit content. This would be helpful to anyone searching on a database to verify that this is the appropriate OS they are looking for.
Scope	Scope is a set of statements specifying the range of variables that an individual may have to deal with in carrying out the function which have a critical impact on quality of performance required.
Knowledge and Understanding (KU)	Knowledge and Understanding (KU) are statements which together specify the technical, generic, professional and organisational specific knowledge that an individual needs in order to perform to the required standard.

Qualification Pack

Organisational Context	<p>Organisational context includes the way the organisation is structured and how it operates, including the extent of operative knowledge managers have of their relevant areas of responsibility.</p>
Technical Knowledge	<p>Technical knowledge is the specific knowledge needed to accomplish specific designated responsibilities.</p>
Core Skills/ Generic Skills (GS)	<p>Core skills or Generic Skills (GS) are a group of skills that are the key to learning and working in today's world. These skills are typically needed in any work environment in today's world. These skills are typically needed in any work environment. In the context of the OS, these include communication related skills that are applicable to most job roles.</p>
Electives	<p>Electives are NOS/set of NOS that are identified by the sector as contributive to specialization in a job role. There may be multiple electives within a QP for each specialized job role. Trainees must select at least one elective for the successful completion of a QP with Electives.</p>
Options	<p>Options are NOS/set of NOS that are identified by the sector as additional skills. There may be multiple options within a QP. It is not mandatory to select any of the options to complete a QP with Options.</p>
